

Partisan Strategie Fonds (CHF) S

www.partisan.swiss

Investment Objective

The Partisan is a broadly diversified Swiss investment fund for Swiss based investors. The fund is a transparent and attractive alternative to classic strategy funds and/or discretionary mandates.

The Partisan defends its assets against attacks from all sides. Its main goal is the long term preservation of purchasing power: taking into account inflation as well as costs and taxes. Especially during stormy times!

The Partisan pays particular attention to the following two factors:

- Long-term asset allocation strategy: forward looking diversification and protection against inflation are priorities for the Partisan Fund. Short term portfolio adjustments or even speculative transactions are not part of this approach.
- Minimise costs and taxes: generally difficult to perceive and hidden, costs and taxes burden many investments over time and significantly reduce long-term wealth prospects.

The Partisan acts independently by avoiding any conflict of interest.
